WELCOME TO THE MINNEAPOLIS CONVENTION CENTER!

This Minneapolis Convention Center Meeting Planner’s Guide is intended to assist you in the planning of your event at our facility. We hope it will answer questions, provide timelines and inform you of our operating policies.

We realize that each event is unique and that you may have special questions and concerns during the planning process. Please feel free to contact your Event Coordinator should you have special concerns. We welcome the opportunity to work with you on your event. The Minneapolis Convention Center staff will do everything possible to make your convention, trade show, corporate meeting, banquet or other special activity a success.

The Minneapolis Convention Center’s Meeting Planner’s Guide is updated throughout the year. Please check our web site at www.minneapolisconventioncenter.com to ensure that you have the latest version before your event start date.

MISSION STATEMENT

WE WILL BE THE BEST CONVENTION CENTER BY PROVIDING AN EXCEPTIONAL FACILITY, OUTSTANDING INTERNAL AND EXTERNAL CUSTOMER SERVICE, AND RESPONSIBLE USE OF OUR RESOURCES.

SUSTAINABILITY INITIATIVES

The MCC is committed to sustainability and assisting our customers in achieving their sustainability goals for meetings and conventions as well as recognizing the importance for our facility, customers, employees, and community. The MCC strives to be the best facility possible for its clients, its staff, and its community. Part of that mission includes integrating a no-waste mentality. This mindset has become the cornerstone of our sustainability program.

We have three sustainability goals related to waste, energy, and water. With all three goals, we have developed oversight, design, and implementation teams consisting of staff from all levels and departments in the organization. All events should expect that we operate our facility responsibly and work continuously to divert waste, conserve energy and reduce water consumption.

For more information on our initiatives, please visit http://www.minneapolis.org/minneapolis-convention-center/overview/sustainability/.

FACILITY INFORMATION & GUIDELINES

ACCESSIBILITY (ADA)
The Americans with Disabilities Act (ADA) was enacted to ensure that persons with disabilities are afforded the same opportunities to participate in American society as all other persons. The ADA is legislation designed to protect the civil rights of persons who have physical or mental disabilities.

As a "Public Assembly Facility" the MCC is responsible for permanent building access accommodations such as, but not limited to, wheelchair ramps, elevator standards, door width standards and restroom accessibility. In addition, the MCC is capable of providing systems for the hearing impaired and wheelchair lifts and access ramps for stages. Permittee is responsible for non-permanent building access accommodations such as, but not limited to, registration, information booths, accessible seating, auxiliary aids and other services/programs available to exhibitors, guests or the general public.

Prior to an event, Permittee shall provide the MCC with the number of disabled persons planning to attend the event and an outline of the accessibility services Permittee will provide to the disabled guests.

Electrical mobility scooters and wheelchairs are available for rent from the Guest & Security Services Department. On-site reservations can be made at the Visitor Information Center during regular business hours. For advance reservations or for more information please call (888) 404-5554 or visit https://themobilityshop.com/collections/minneapolis-rentals. Prevailing rental rates will apply and payment must be made with a credit card (Visa, Discover or MasterCard). Checks and cash are not accepted.

Handicapped parking is available to individuals with valid disability parking permits in surrounding ramps and lots as well as at parking meters on the street.

BALLOONS
Helium balloons may not be sold or distributed inside the facility. Helium balloons may be approved through the Event Coordinator for permanent attachment to authorized displays. A deposit may be required prior to installation. If helium balloons are released for any reason within the facility, any MCC labor and/or lift equipment costs to remove balloons from ceilings and/or domes will be charged to Permittee at the prevailing rates and conditions. A balloon drop requires appropriate stagehand personnel to hang, release and remove. See the Fire & Safety Regulations section for information about helium tank storage and operation.

- In any situation where Permittee’s policies are more restrictive than MCC’s policies regarding decorations, signs, banners, balloons, etc., Permittee’s policies shall supersede MCC’s policies.
- Damage resulting from the improper and/or unauthorized installation of materials will be charged directly to Permittee.

BOX OFFICE
Permittee must provide the name of the service vendor and/or box office liaison managing all box office sales. All tickets must be approved by the MCC and ordered from a bonded ticket printing company. The MCC will check all tickets against the manifest to ensure accuracy. Tickets must be divided by price, date on ticket (if applicable) and type of admission (i.e. adult, child, senior, etc.). Only full rolls of tickets will be accepted. No opened, broken or pre-used rolls will be allowed. Permittee is responsible for all applicable taxes and the MCC must be notified at least 14 days in advance if an event is tax exempt.

For each day the box office is open, the following regulations apply. Any deviation from this policy must be outlined in the Permit for Occupancy:

- A daily box office statement of on-site, discount, advanced and internet sales will be provided to the MCC. A final box office summary statement of on-site, discount, advanced and internet sales will be provided to the MCC upon completion of the event.
- On-site ticket sales will be sold only from the box office assigned by the MCC.
- Tickets must be sold only at the actual ticket value listed upon the ticket.
- The MCC may conduct random audits of on-site ticket sales.
- The issuing of complimentary tickets will be limited to an agreeable percentage of capacity or as dictated by prudent business practice.

Permittee is responsible for ensuring compliance with this policy and shall include advance notification to all exhibitors in exhibitor information packets and during any exhibitor meetings.

UNATTENDED CHILDREN
The MCC is not responsible for the care or supervision of unattended children. It is the responsibility of the parent/guardian to ensure that no child is left unattended in the facility. Permittee is responsible for providing adult supervision for events that provide child care rooms and/or play areas during event hours.

CHILDREN UNDER THE AGE OF 12 OR DEPENDENT INDIVIDUALS
Children under the age of 12 or dependent individuals of any age must be accompanied by a parent/guardian at all times.

CHILDREN AGES 12 TO 17

CLEANING & VACUUMING
The MCC shall have exclusive control of cleaning exhibit booths. Independent contractors are not allowed to clean booths. Vacuuming and cleaning service may be ordered online through Exhibitor Services or the Event Coordinator. Booth cleaning is based on gross square footage. Please contact the Exhibitor Services Department for further details.

The MCC shall have exclusive control of vacuuming carpet in aisles, poster areas, registration areas, lounge areas, etc. Aisle & common area cleaning shall be billed per hour at the prevailing rates.

The MCC will remove all bulk trash, prior to the initial show opening and following move-out, at prevailing rates. Bulk trash is defined as all boxes, crates, pallets, visqueen, packing materials and other items not easily removed by a standard push broom or vacuum. In addition, a dumpster charge for this trash removal from the facility will be charged to Permittee, at prevailing rates. The MCC will empty trash containers and small trash cans placed in the aisles by exhibitors during the non-open hour cleaning. It is the responsibility of Permittee and exhibitors to mark any cartons, literature and similar materials that they wish to save during move-in/out.

COAT/BAGGAGE CHECK
The Guest & Security Services Department provides exclusive coat or baggage check service as a convenience to guests attending events at the MCC. Public coat and baggage check season typically runs from October 15th through April 15th. Additionally, coat or baggage check service can be arranged during the off-season (April 16th-October 14th). MCC retains final approval of coat or baggage check availability and location. The MCC is not responsible for any lost or stolen articles at coat or baggage check locations that are not staffed by MCC personnel. Tipping or any form of gratuity to any MCC employee is not permitted. There are three options for provision of service:

PER ITEM CHARGE
Please provide the Event Coordinator with a time schedule for the event. Guest & Security Services will schedule personnel and guests will pay a per item charge, at the current rate. The MCC reserves the right to combine requests for service in single locations for efficiency. The MCC reserves the right to charge a minimum service charge to the Permittee if income does not equal MCC labor expenses.

HOSTED CHARGE
Arrangements are made, as above. There is a per coat/article charge to the host of the event. Permittee will be charged whichever is greater between labor expenses or number of items checked.

GUARANTEE CHARGE
Guest & Security Services will schedule personnel and guests will pay a per item charge, at the current rate. If generated income does not equal MCC labor expenses, the Permittee will be charged the difference on what is owed. If all MCC labor expenses are covered by generated income, no additional coat check fees will be charged to the Permittee.

DAMAGE
Any damage to any MCC property or equipment is to be reported immediately to the Guest & Security Services Department. Permittee is responsible for any damage done to MCC property or equipment by their service contractors, employees or exhibitors during their event, including move-in and move-out periods. Charges will be made at prevailing rates and/or replacement costs. The Permittee is encouraged to schedule a mutually convenient “walk-through” appointment with their Event Coordinator and a Facilities Operations Supervisor to verify the condition of the facility prior to the event. A final walk-through will take place at the completion of the event and a damage evaluation report will be completed.

DECORATIONS
Decorations may not be taped, nailed, tacked, stapled or otherwise fastened to ceilings, doors, floors, walls, glass, columns, painted surfaces, fabric or decorative walls. Damage resulting from the improper and/or unauthorized installation of materials will be charged directly to Permittee. Painting, confetti and streamers are prohibited without the prior written authorization of the MCC. Chewing gum, glitter, pressure-adhesive stickers/decals or similar
promotional items cannot be distributed or sold within the facility. Costs associated with the cleanup of these or similar items are the responsibility of the Permittee.

DIGITAL VIDEO DISPLAYS
All MCC-owned digital video displays are operated at the discretion of the MCC. This includes, but is not limited to, Exhibition Hall Video Walls, the indoor Digital Signage Network, Outdoor Signage and the Visitor Information Center (VIC) Display. Permittees may not disable, turn off, cover or otherwise impede the operation or visibility of the digital video displays. Permittee or third-party advertising opportunities are available. All digital video display content is subject to approval by the MCC per their Display Content Standards. Please contact the Technology Services Coordinator for details regarding facility guidelines and/or advertising opportunities.

ELECTRICAL EQUIPMENT
All electrical equipment must be U.L. approved and properly wired and tagged as to type of current, voltage, phase, cycle and horsepower. Use of open clip sockets, latex or lamp cord wire, unapproved duplex or triplex attachment plugs and Romex cable is prohibited. All 120 volt extension cords must be a 3-wire grounded type.

The MCC reserves the right to refuse connection to any exhibitor whose equipment is deemed unsafe by MCC electrical supervisors. Utility panels and mechanical equipment rooms may not be blocked. Only MCC staff is authorized to access electrical floor boxes and make electrical dis/connections. The Permittee will be financially responsible for damages to electrical equipment caused by the show, exhibitors and/or Event Service Contractors.

ELEVATORS & ESCALATORS
Passenger elevators and escalators are provided for use by the general public and may not be blocked or used to transport equipment or freight. Freight elevators are not available for the general public, but arrangements may be made to use freight elevators for Permittee, Event Service Contractor and/or exhibitor move-in/out. Permittee may be required to pay for the services of a freight elevator operator when it is required for more than incidental use. Escalator operating hours will be based on the schedule of events in the building.

EMERGENCY PROCEDURES - PUBLIC OVERVIEW
The following overview is meant to help exhibitors, guests and the general public to understand the MCC emergency procedures. This is an overview and does not detail the procedures. That level of detail is meant only for emergency response agency professionals and those that have been specifically trained in the execution of the procedures. In case of an emergency after hours, contact Security at (612) 335-6040.

MEDICAL
- DO NOT CALL 9-1-1 in the case of a medical emergency. It is ALWAYS best to report a medical emergency to the MCC’s Guest & Security Services Department. This is done by calling #2013 from any beige House Phone (there is a placard above each of these phones with the number on it). The building covers a very large footprint and only the MCC staff will know where the “best entrance” for the responders to enter (consider the difference a 2 or 3 block wrong entrance may make in a response to a heart attack).

SEVERE WEATHER
- The Guest & Security Services Department continuously monitors the National Weather Service. In the event that a tornado or damaging high straight-line winds are imminent near the MCC, an announcement will be made throughout the entire building via the public address system with instructions for all patrons.
- The instructions will include directions to vacate all common areas such as lobbies and corridors. Additionally, the announcement will direct all patrons to move immediately into a safe area of any exhibit hall or meeting room. These areas have been engineered to withstand the weather forces of tornado or of damaging high straight-line winds.
- Due to the engineering of these safe areas, it is not necessary to move to a lower level within the building. However, as stated above, it is necessary to move immediately away from any open public area that has a line-of-sight to any glass window or glass door.
- When the severe weather threat has passed, building Guest & Security Services Department will issue an "all-clear" announcement on the same public address system notifying all patrons that the threat has passed.

FIRE/EVACUATION
- There are fire detection and suppression systems in the MCC. The Guest & Security Services Department also has its own Central Alarm Station (CAS) that is staffed with a minimum of two professionals 24 hours a day,
seven days a week. This, in conjunction with the many Security Guards throughout the building and the trained Building Monitors (Fire Wardens), provide early notification of, and immediate response to, any fire threat.

- The MCC also has pre-determined fire response protocols in place with the Minneapolis Fire Department (M.F.D.) and the 9-1-1 Dispatch to ensure timely and proper response by the M.F.D.
- Upon verification of a genuine fire event, evacuation of the area or building will take place utilizing the following:
  - The above-mentioned building-wide public address system;
  - Standard fire strobe light notifiers throughout the building;
  - Uniformed Security Guards assisting all patrons to the nearest evacuation exit, ensuring that any disabled guests are also notified and assisted in any manner necessary;
- In addition, all Building Monitors (Fire Wardens) immediately report to a pre-designated area to join the Security Guards in the evacuation assistance for all patrons.
- When the fire event has been retired by the M.F.D., the MCC Guest & Security Services Department staff, along with the Building Monitors (Fire Wardens) will notify all patrons via the public address system and with bull horns and personal notifications.

BOMB THREAT

Upon receipt of a bomb threat call, pre-determined protocols are activated with the Minneapolis Police Department Bomb Squad. Those protocols include:

- Review of the caller's threat by Bomb Squad professionals.
- A determination of credibility.

LIGHTING
Energy conservation is of prime concern and minimal levels of lighting will be maintained during move-in/out periods. House lighting will be provided, as required, during event open times (the period when delegates and invited guests use the facility). Generally, “full” house lighting is maintained from one hour prior to event until close of event. Audio/Visual set-up, rehearsals and similar pre-event activities may be assessed a charge for special lighting and comfort level requirements.

Special lighting levels can be pre-set in the Auditorium, Exhibit Halls, Ballroom, and meeting rooms. Requests for special lighting levels in MCC lobbies and shared common space for an event must be reviewed in advance by MCC management. Special lighting requests may result in additional labor and/or equipment charges.
LOADING DOCK
The MCC has an "open dock" policy. This policy allows individual exhibitors the right to handle their own freight, if they desire to do so. All full-time employees of any exhibiting firm shall be allowed to unload, install and dismantle the exhibits of the exhibiting company. Certain times and restrictions may apply based on Permittee and building needs.

The MCC does not relinquish control of the loading dock during any event.

LOBBIES & COMMON SPACES
The MCC is a multi-purpose facility and often hosts several events at one time. Therefore, all lobbies, hallways and entrance areas are considered shared common space and are under the exclusive control of the MCC management. MCC management retains the right to require security in shared common space when multiple events necessitate pedestrian traffic management, at the Permittee's expense.

An event may not disrupt any other event within the MCC. MCC management must approve activities planned in shared lobby areas including, but not limited to, bands and/or performing groups. The MCC retains the right to restrict the use of such groups at any time. MCC management has the right to lower sound levels of any band, audio/visual equipment and/or group activity within the permit area.

The MCC provides permanent seating for guests throughout the facility. A Permittee wishing to relocate or obstruct any permanent seating must obtain permission from MCC management prior to an event. Lobby furniture may not be utilized in any meeting room or rented space for event-related purposes.

Power outlets are provided for guest use throughout the lobbies and common spaces. Show related features, registrations, décor or exhibits requiring power are subject to standard charges.

MCC management retains the right to operate food and beverage stations in shared common space.

All items turned in to the Visitor Information Center or Permittee's office should remain there until the end of the show/event, at which time all said items will be turned in to the Security office. Any item unclaimed after 60 days becomes the property of MCC and will be disposed of in a proper manner.

PUBLIC SPACES
Members of the media are welcome in the MCC during normal business hours. Please contact the MCC in advance of your arrival to coordinate access, parking and permissions.

PRIVATE EVENTS
Private events require permission of the event manager. Please contact the event manager or the MCC for help locating a contact person.

PUBLIC EVENTS
Public events also may require permission from the event manager, at the event’s discretion. Please contact the event manager or the MCC for help locating a contact person.

SATELLITE/MEDIA TRUCK PARKING
Parking for satellite/media trucks is available on a limited basis. Please pre-arrange these needs with the MCC at least two days in advance. Media are prohibited from placing a vehicle in any of the placement spaces without prior authorization. The City requires that any satellite truck not parked in a legal parking space obtain an obstruction permit from the City.

CABLING
If cables need to be run to a live/satellite truck, please obtain permission and placement from the MCC by contacting the MCC two days in advance of the shoot. Cables that cross public walkways must be ramped or secured by approved MCC methods; taping cable is not allowed in lobby areas. Running cable overhead or to another floor requires MCC personnel to install and monitor traffic on stairwells. Additional costs will be incurred.

MEDICAL SERVICES PERSONNEL
The MCC retains the right to require Medical Services Personnel (EMT) for any size or type of event. Medical Services Personnel will be arranged through Guest & Security Services, are contracted through an exclusive provider and Permittee is responsible for associated costs.

The Long-Term Ticket is valid 24 hours a day, seven days a week. At the end of the event, MCC will pull a usage report and Permittee will be charged accordingly.
